

Brett and Morgan
(to the tune of Yankee Doodle Dandy)

Brett and Morgan went to China
On a new adventure
He wined and dined and did pursue
Until she let him catch HER

**Brett and Morgan we love you
Make each other happy
Brett and Morgan we love you
And welcome to the FAMILY**

Brett met Morgan at the Carlyle
Sitting on a stool
It didn't take long before
She had him acting like a FOOL

**Brett and Morgan we love you
Make each other happy
Brett and Morgan we love you
And welcome to the FAMILY**

Brett has dated many girls
I think its 10 time 20
Then he met this cute blonde chick
And now he calls her HONEY

**Brett and Morgan we love you
Make each other happy
Brett and Morgan we love you
And welcome to the FAMILY**

Oh Brett we feel you met your match
Your carousing days are over
The Blonde in Beijing won your heart
Your bachelor days are OVER

**Brett and Morgan we love you
Make each other happy
Brett and Morgan we love you
And welcome to the FAMILY**

Donna and Tom had finally resigned
“NO grandchildren in site”
Now there is a flicker of hope
If Brett just does it RIGHT

**Brett and Morgan we love you
Make each other happy
Brett and Morgan we love you
And welcome to the FAMILY**

Oh Brett your theory did not last
It is time to accept your fate
You could find no better girl
As Morgan is really GREAT

**Brett and Morgan we love you
Make each other happy
Brett and Morgan we love you
And welcome to the FAMILY**
